

## HOMEWORK 0: DUE AUG 26

Welcome to Introduction to Cryptography. While written assignments are not required to be submitted in Latex, it is encouraged.

I will provide .tex file containing instructions and/or questions for each week.

For this week, please do the following by

- (1) If you don't have an account at GitHub, sign up at

<https://github.com/join>

If you sign up for a student developer pack, you get additional. You can sign up at

<https://education.github.com/benefits?type=student>

- (2) If you don't have an account at GitPod, sign up at

<https://gitpod.io/login/>

Note you can use your GitHub account for authentication.

- (3) Send me your GitHub username.
